Application

300 Series Freezeless Wall Hydrant

Mansfield Style Wall Hydrant

- Residential
- Freezeless

PRIER 300 Series provides a year round source of water to areas of structures that are subject to freezing temperatures. The hydrant valve is connected to the supply piping in the heated portion of the structure, eliminating the possibility of freezing.

The PRIER 300 Series is one of the original freezeless hydrant designs and is installed throughout the United States. It is available from stock in lengths from 4" to 14".

Features

- Integral Cast Backflange
- Wide screwholes easily secure mounting screws
- Solid Brass Body and Seat
- Satin Nickel Plated Body maintains attractive finish
- Stainless Steel Handle Screw
- Easy grip polycarbonate operating handle
- Durable ACME Threads secure Stem at Seat End
- AFG Teflon with Graphite Packing for easy maintenance
- Spacer Wedge
- Standard "OO" Size Seat Washer
- Machined Spout Aligning Mark
- Field repairable with no special tools
