## P-260 Freezeless Ground Hydrant

Application

close-up view

- **Freezeless**
- **Anti-Siphon**
- **Self Draining**
- **Variable Flow**
- **Lockable**
- **Triple Seal Stopper**
- **Patent Pending**

PRIER's P-260 Freezeless Ground Hydrant provides a year round source of water to areas subject to freezing temperatures. The P-260 comes with a built in backflow preventer and flow control lock. Additionally, the P-260 is well known for its ease of use and maintenance. The patent pending brass stem cap design allows the stem to be removed and a stopper replaced without removing the cast iron head from the hydrant, significantly simplifying the maintenance of this type of product.
