

# 300 Series Freezeless Wall Hydrant

**DIAMOND**  
Series

- Residential
- Freezeless
- Solid Brass Body
- Easy Grip Handle

### Mansfield Style M-300

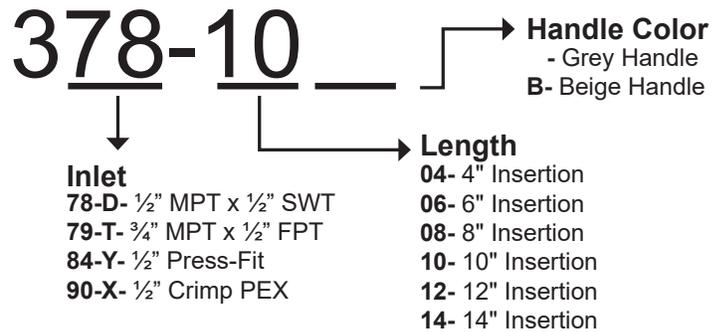

PRIER 300 Series provides a year round source of water in areas that are subject to freezing temperatures. The hydrant valve is connected to the supply piping in the heated portion of the structure, eliminating the possibility of freezing.

The PRIER 300 Series is one of the original freezeless hydrant designs and is installed throughout the United States. It is available from stock in lengths 4" to 14".

## FEATURES

- Integral cast flange with built-in drainage pitch
- Wide screw holes easily secure mounting screws
- Solid brass body and seat
- Satin nickel plated body maintains attractive finish
- Stainless steel & brass screws
- Easy grip polycarbonate operating handle
- AFG teflon with graphite packing for easy maintenance
- Standard "OO" size seat washer
- Each valve air-tested at factory for leak-free quality
- Spout aligning mark with manufacturer's date code
