

C-135/235 Heavy Pattern Angle Sill Faucets

C-135/C-235, C-137/C-237 Styles

PRIER Heavy Pattern Angle Sill Faucets are designed for areas that require water service, but are not subject to freezing temperatures. Typical installations include basements, garages and outdoor installations in mild climates. The heavy pattern design with solid brass stem assures years of reliable service with minimal maintenance.

- Heavy Pattern
- Solid Cast Brass
- Handle or Loose Key Option
- Satin Nickel or Polished Chrome Plated
