

C-534

SELF-DRAINING

WALL HYDRANT

- Drains automatically even with hose attached
- Double check valve and anti-siphon vacuum breaker meet ASSE 1052 code
- Short valve stem cap for smaller profile in box
- Integral cast flange with built-in drainage pitch
- Optional stainless steel hydrant box sold separately
- Box includes drip edge to prevent water from running down the wall
- Designed to last the life of the plumbing system
- Patented PRIER “triple seal” positive shutoff system
- High flow rate, 9 GPM at 25 PSI differential
- Same key operates box lock and hydrant
